PRODUCT SPECIFICATIONS

TYPE	SNOWPICK 91	SNOWPICK 96	SNOWPICK 102	SNOWPICK 114
Moldboard width	91"	96"	102"	114"
Moldboard height	28"			
Power supply	Electric pump 12V			
Steering	Hydraulic			
Mount type	Vehicle dedicated mount			
Protection	6 trip springs			
Plowing width (full 24 angle)	84"	89"	94"	105"
Weight	520 lbs	536 lbs	551 lbs	564 lbs
Paintwork	Powder coating			

STANDARD EQUIPMENT

Cutting edge	Rubber
Visibility guides	Yes
Electric pump	Yes
Support stand	Yes
Slides	Yes
Curb guards	Yes

OPTIONAL EQUIPMENT

Cutting edge	rubber/steel/poliurethane
Snow deflector	rubber/steel
Shock absorber	Yes

High visibility guides

Replaceable markers improve operator visibility and plow positioning.

Road lights

Glass dual-beam headlamps feature combination park and turn signal lights for safer, easier & more productive plowing.

Moldboard trip protection

Six heavy-duty coil springs protect your plow and truck by allowing the whole to trip when striking obstacles.

Chain lift system

Creates instantaneous "float" when lowering the blade, enabling it to freely follow the contours of the plowing surface for a cleaner scrape.

Curb guards

Protect the outer edge of your snow plow from wear when plowing along sidewalks and curbs.

Slides

Improve stability and work comfort.
